Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2016 - December 31, 2016

Filing Confirmation Number: 0007624199

Filing Deadline: March 23, 2017

FRN: 0004372827

Filing Date: 01/17/2017 03:23 PM

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer any handsets to subscribers in the United States during the reporting period? Yes

Have you been offering handsets in the United States for at least three years prior to the end of the reporting period? Yes

Date that you began offering handsets in the United States

Are you a small entity? No

Were you a small entity at any time during the three years prior to the end of the reporting period? No

Date that you ceased to be a small entity?

Company Information

Company Name: Sprint Corporation

Brand Names: Sprint
Boost Mobile
Virgin Mobile USA
Assurance Wireless

PO Box:

Street Address: 6220 Sprint Parkway

City: Overland Park

State: KS

Zip Code: 66251

Contact Name: Brenda Hicks

Contact Phone: (913) 439-5637

Contact Fax:

Contact Email: brenda.hicks@sprint.com

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? No

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that were tested under ANSI C63.19-2007, and that are capable of voice communication over any air interface or frequency band that does not have hearing aid compatibility technical standards under ANSI C63.19-2007, include the required language disclosing that the handset has not been rated for hearing aid compatibility with respect to such operation?

Yes

Explain:

Do all hearing aid-compatible handsets that were certified only under ANSI C63.19-2007, but that the manufacturer also tested and found not to meet hearing aid compatibility requirements under ANSI C63.19-2011 for one or more operations that are not covered under ANSI C63.19-2007, include language informing users by clear and effective means that the handset does not meet the relevant rating or ratings with respect to such operation(s)?

Yes

Explain:

Do all handsets that are capable of use for Voice over LTE, and that were certified for inductive coupling capability under ANSI C63.19-2011 without being tested for inductive coupling capability over VoLTE, include language disclosing that they were not tested with respect to this operation?

N/A

Explain:

Do all handsets that meet the criteria for an M3 rating by allowing the user to reduce the maximum power for GSM operation in the 1900 MHz band include the required disclosure?

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Service provider websites must include the levels of functionality that the service provider has defined, the level that each hearing aid-compatible model falls under, and an explanation of how the functionality of the handsets varies at the different levels.

Yes

Website address: https://www.sprint.com/landings/accessibility/hearing_aid

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Sprint Corporation posted information regarding hearing aid use with digital wireless phones on its website including a list of HAC compliant phones and their respective ratings. Sprint also provides information regarding HAC within its device user guides. Sprint engages regularly with a number of consumer groups including, but not limited to, National Association of the Deaf, Hearing Loss Association of America, Telecommunications for the Deaf, Inc., Alexander Graham Bell Association, Association for Late-Deafened Adults, Gallaudet University and through its memberships in ATIS, CTIA and CCA. Sprint also participates in many conventions, conferences, industry meetings, and other events that facilitate interaction with consumers such as C-SUN and M-Enabling Summit.

Methodology for Functionality Levels

Each handset is evaluated by a Sprint product and technology committee who selects the appropriate functionality level based on handset capabilities from the simplest basic functionality to high-end smartphone devices with complex operating systems. The functionality levels for 2016 are: Advanced, Intermediate and Basic. Basic or feature phones support text messaging where alphanumeric text entry may require triple tapping. Simple web-browsing capability and other data services are typically supported. Intermediate handsets are voice capable messaging phones with feature typically including QWERTY keyboards, enhanced web browsers such as those that

Report Remarks

Sprint Corporation submits this report on behalf of Sprint Prepaid, Boost Mobile, Virgin Mobile USA and Assurance Wireless

You have reported the following handset model summary information.

Total number of handsets offered: 73

| Air Interface | Fully Hearing Aid Compatible | | Acoustic Coupling Compatible Only | | Non-Compliant Handsets | | Total by Air Interface |
|---------------|------------------------------|---------|-----------------------------------|---------|------------------------|---------|------------------------|
| | Number | Percent | Number | Percent | Number | Percent | |
| CDMA | 71 | 97% | 2 | 3% | | | 73 |
